Re: Docket No. 98N-1038
Irradiation in the Production, Processing and Handling of Food

Dear Mr. Hubbard:

As a citizen concerned about the food I eat, I strongly believe that I have a right-to-know if my food has been irradiated. Irradiated food should be clearly labeled with a statement that it was treated with radiation and it should have the international symbol for irradiated food placed in a prominent place on the label. C'mon, we're already years behind the Europeans in this area.

Sincerely,
